8. PRESENTATIONS

A. Presentation - Genesis Redevelopment, LLC on the East Coast Ice Redevelopment Plan

Mayor McGreevey outlined the process for the presentation and question and answer period to follow.

Mr. Robert McGown, attorney for Genesis Redevelopment gave a brief synopsis of the timeline to present. Mr. Shelly set up a display for those in attendance which showed a concept graphic. Mr. Shelly provided details of the property's location and its surroundings. The redeveloper is proposing to redevelop the site as a self-storage facility with a small office and apartment. Mr. Shelly noted the use is compliant with all bulk standards in the redevelopment plan and would be a fully conforming design. Mr. Shelly noted there were concerns raised regarding storm water which would be handled by underground storage after collection. The State DEP, Monmouth County and Freehold Soil Conservation will all review the plans, and the project will fully conform with the plans. Mr. Shelly acknowledged the system is being developed to collect the water then discharge it underground. Mr. Shelly also presented a display of the proposed development at Laird Avenue where 7 townhouses are proposed, along with upgrades for the park. Mr. Shelly noted underground stormwater collection would again be employed, with multiple agencies having jurisdiction to review the plans. Mr. Shelly described the current condition of the playground and the plans for improvements. The floor was open to the Council for questions. Engineer Shafai responded to C/Kocsis' question. Mr. Shelly responded to C/Renee's question of using rubberized materials instead of mulch. Mr. McGown noted this is a summary presentation, and that specifics will be addressed via the Planning Board.

C/Dellett confirmed they are three-bedroom units with one driveway parking spot and one garage parking spot. Mr. Shelly noted there is adequate street parking for visitors. Discussion followed on stormwater, remediation and capping of the property.

Mr. Jeff Crone, LSRP, provided information on the remediation of the site and that Genesis once they take ownership of the site will be responsible for remediation of the site. Once remediation takes place, clean fill will be brought in and monitoring wells will be installed. Costs are being evaluated. Mr. Crone noted remediation costs are not funded by the State unless there is a redevelopment plan in place. Mr. Crone explained in detail the monitoring wells that is sampled and the process in response to a question raised by C/Thomas. C/Renee asked the current costs which are still being analyzed but in the ballpark of 800,000 to 1.2 million. Engineer Shafai asked if water has been currently sampled; it had not. Engineer Shafai confirmed there would be roadway improvements and grass and greenery. Further discussion continued regarding the proposal and inclusion of greenspace. Mr. Shelly confirmed to C/Renee that the property is being raised out of the flood zone; discussion followed on the property being raised out of the flood area. Engineer Shafai confirmed that stormwater management rules do not allow for flooding to become worse upon improvements.

Mr. McGown welcomed questions from Council and the public.

Ms. Patti Lawlor, confirmed 2018 was the last testing for the site, asking if it is a normal lapse in time. Ms. Lawlor requested that if the developer can make sure that they will not make the flooding worse the residents would be happy to have positive redevelopment. Ms. Lawlor also confirmed the remediation would be completed before the condos.

Ms. Maura Fitzsimmons asked about the stormwater collection; Mr. Shelly explained the drainage situation due to tidal flooding and rain; then explained the rules are clear that the amount of water leaving the site has to be less thus water will be held in containers and slowly let back out. Mr. Shelly noted there will be significant stormwater collection on the site. Ms. Fitzsimmons asked about parking for the town houses, noting the garbage and fire trucks can barely get around the corner, noting that seven units is too many for the area. Ms. Fitzsimmons also expressed concerns about giving away a street for nothing. Mr. Shelly showed on the map and provided detail of the importance of the vacation of Field Street. Further explanation followed.

Mayor McGreevy asked about emergency response vehicles; Mr. Shelly noted the plans would be subject to agency review. Further discussion followed regarding parking and review of the plans. Ms. Fitzsimmons noted that she feels people have not come to their streets to see how crowded the parking for vehicles can be.

Engineer Shafai addressed concerns raised about flooding throughout the Borough; a grant is being sought to design a proper stormwater management plan. Mayor McGreevy noted the Borough is working with several levels of government to try to resolve flooding issues.

Mayor McGreevy read a question into the record from Ms. Mary Leather asking if a brown's field remediation was ever applied for or explored. Engineer Shafai and Attorney Sena noted this property was never designated as a brown's field site and thus could not receive funding.

Ms. Kim Karlovich, asked how many storage units there would be and where the demand comes from. The developer noted the shore area has the demand. Ms. Karlovich spoke in support of the volunteer Fire Department and rescue squad who would be impacted by an increase in traffic. Mr. McGown confirmed that so far, a couple hundred thousand have been put into the project thus far. C/Thomas responded to Ms. Karlovich's comments regarding Neptune Township having to take over call hours.

Mr. McGown noted that building a facility will bring in traffic, though there will not be a substantial impact at any particular time, will take the burden of the cleanup of the property off of the Borough and will add a ratable. C/Thomas confirmed the storage units are for family/household/personal storage. Administrator Jardine reiterated the redevelopment is still contingent upon site plan approval.

Ms. Mary Leather asked via email how the Borough will address the sewer plan. Director Harker asked what inadequacies are being referred to and further noted the Borough has a sewer pump station that pumps waste to Neptune Township for treatment. The smell comes from Neptune Township, not Neptune City due to a build up of organic matter. Mayor McGreevy confirmed the redevelopment and development would not have an impact on the pump station; Director Harker and Engineer Shafai noted there are no capacity issues.

Mr. Anthony Sussino spoke about parking concerns. Mr. Sussino also asked about the hours of operation of the storage facility which will be addressed at the Planning Board.

C/Renee asked about the environmental plans to clean up the property at Laird Avenue; Mr. McGown noted there is a phase I environmental report that does not indicate needs for major cleanup. C/Renee asked about the storage for the wastewater; Mr. Shelly noted this site is not fully designed but the information will be available at the Planning Board and is subject to DEP approval. Discussion continued regarding flooding.

The meeting was closed for participation regarding the presentation by Genesis Redevelopment.

9. MAYOR'S REPORT - Mayor Rachel McGreevy

Mayor McGreevy noted Irish American Heritage Month is continuing to be celebrated, working with Fulfill over \$1,000 was raised for the Blessing Box. 10. COUNCIL REPORTS

A. COUNCIL PRESIDENT DANIELLE PAPPAS, ADMINISTRATION OF JUSTICE

Council President Pappas reported on March 13, 2024 Sergeant Morgan and Patrolman Sceppaguercio attended the Mothers Against Drunk Driving (MADD) Summit in Edison, NJ. The mission of the Summit was to bring together front-line law enforcement from across Region 2 to discuss impaired driving issues and strategize solutions. Sergeant Morgan and Patrolman Sceppaguercio were two of the top leaders in Driving while Intoxicated arrests in 2023 within our department. The Police Department will be participating in a traffic enforcement detail next Wednesday called Goal Zero. The increased high visibility enforcement of Goal Zero was designed to get drivers to pay attention and slow down and ultimately have zero deaths, zero injuries and zero crashes. As a result of four hours of enforcement on Highway 34, 221 vehicles were stopped and 125 summonses were issued by 26 participating Officers over 25 miles of Monmouth County. The next Goal Zero County wide enforcement detail is scheduled for Wednesday, March 27 from 15:00-19:00 hours on Highway 35. C/Pappas commended the Officers for participating and saving lives. C/Pappas thanked the Police Department on behalf of Anthony Kelly for accepting and displaying Autism Awareness stickers.

B. COUNCILMEMBER SCOTT DELLETT, SPECIAL SERVICES

C/Dellett reported there will be a Cops v. Kids basketball game on April 11 with proceeds going toward the 7th and 8th grade trip. The Wilson Boosters will have a Country Line Dance Fundraiser on April 12 at the Community Center. The Red Cross Blood Drive will be at the Community Center on June 21 from 1:00 pm – 4:00 pm. Mayor McGreevy noted it is also National Red Cross month.

C. COUNCILMEMBER DANA FARLEY, COMMUNITY RELATIONS

C/Farley read the flyer inviting all to the second annual Flag Raising Ceremony being held March 28 at 4:00 pm at the Neptune City Community Center.

D. COUNCILMEMBER GLEN KOCSIS, ADMINISTRATION AND FINANCE

C/Kocsis noted the budget will be introduced tonight; the public hearing will be at the second meeting in April.

E. COUNCILMEMBER PAMELA RENEE, BUILDINGS AND GROUNDS

C/Renee shared an update from the Green Team, noting that invasive greenery is being removed and will be replaced with green screen. C/Renee spoke about the cleanup of the DPW yard; the plastic collection will begin again. There will be an Earth Day celebration on April 22 at 6pm at Joe Freda Park; there will be a tree planting Friday at the school. On June 1 at 10am the 4th Annual LGBTQ+ flag raising will take place. Two new DPW employees are being hired as well.

F. COUNCILMEMBER BRIAN THOMAS, EMERGENCY SERVICES

C/Thomas thanked OEM Director for the updates during the recent storms. The Egg Hunt will be this Saturday morning. If it rains this Thursday, the Autism Awareness event will take place inside at the Community Center.

Mayor McGreevy welcomed the two new hires to Public Works and the new part time clerk in the library.

11. PUBLIC COMMENTS ON AGENDA ITEMS

The meeting was open to the public. There were no comments from the public.

13. UNFINISHED BUSINESS**A. Ordinance Adoption** (rc)**1) Ordinance 2024-01** – Ordinance Amending Chapter 95 (Parks and Playgrounds) and Creating a New Section 129-43 (Regulating Motorized Bicycles) *(Public Hearing/Adoption)*

Mayor McGreevy read the ordinance into the record by title.

There were no comments from Council.

Motion to open the meeting to the public by C/Pappas; seconded by C/Kocsis

Voice Vote: AYE: C/Pappas, C/Dellett, C/Farley, C/Kocsis, C/Renee, C/Thomas

Mr. Anthony Sussino asked what rules would be put in place. Mayor McGreevy noted it creates parameters for use of motorized vehicles and outlines the rules of the road so they can be enforced. Discussion followed on the details of the ordinance.

A resident asked how the public is notified of the ordinance. Mayor McGreevy noted we could work on creating a notification to residents more broadly.

Motion to close the meeting to the public by C/Pappas; seconded by C/Farley

Voice Vote: AYE: C/Pappas, C/Dellett, C/Farley, C/Kocsis, C/Renee, C/Thomas

Motion to adopt Ordinance 2024-01 by C/Pappas; seconded by C/Kocsis

Section 2:

Article XII

§ 129-43 Motorized Bicycles

A. Prohibited Vehicles

1. **Any motorized bicycle with an electric motor greater than 750 watts is not to be considered a "low-speed" motorized bicycle ("LSMB") and shall be effectively prohibited from operation in the Borough of Neptune City, unless such vehicle is specifically authorized by the New Jersey Motor Vehicle Code, and is properly registered and insured, and operated by a licensed operator.**

B. Motorized Bicycle Rules and Regulations

1. **Rights and duties of persons on low-speed motorized bicycle: Every person riding a LSMB upon a roadway shall obey the instructions of official traffic control signals, signs and other control devices applicable to vehicles, unless otherwise directed by a police officer.**
2. **Helmet: Persons are not permitted to operate a LSMB unless they wear a protective helmet.**
3. **Passengers: It shall be prohibited for a person operating a LSMB to allow another person to ride as a passenger, unless the person is carried in a proper bike seat, trailer or other accessory that complies with current regulations and contains adequate provision for retaining the passenger in place and for**

protecting the passenger. The Passenger shall also be required to wear a properly fitted and fastened helmet pursuant to N.J.S.A. 39:4-10.1.

4. Lights and reflectors: When in use during nighttime, every LSMB shall be equip with:
 1. A front headlamp emitting a white light visible from a distance of at least five hundred (500) feet to the front;
 2. A rear lamp emitting a red light visible from a distance of at least five hundred (500) feet to the rear;
 3. In addition to the red lamp, a red reflector shall be mounted on the rear;
 5. Audible Signal: A LSMB must be equip with a bell or other audible device that can be heard at least one hundred (100) feet away. However, the LSMB shall not be equipped with a siren or whistle.
 6. Hitching on Vehicle Prohibited: No person operating a LSMB shall attach themselves to any streetcar or vehicle. Nor shall the operator of the LSMB knowingly permit any passenger to do the same.
 7. Feet and Hands on Pedals and Handlebars: All operators of a LSMB shall keep their feet on the pedal and both hands on the handlebars at all times. It shall be prohibited to practice or perform any trick or fancy driving.
 8. Operating Regulations: Every person operating a LSMB on a roadway shall ride as near to the right-side as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction. An operator of a LSMB may move left under any of the following conditions:
 1. To make a left turn from a left turn lane or pocket;
 2. To avoid debris, drains, or other hazardous conditions on the right;
 3. To pass a slower moving vehicle;
 4. To occupy any available lane when traveling at the same speed as other traffic;
 9. Prohibited Locations: No person over the age of fourteen (14) shall ride a LSMB upon a sidewalk within the Borough of Neptune City, nor in any location where it is prohibited by sign.
 10. Carrying Items: No person operating a LSMB shall carry any package, bundle or article which prevents the rider from keeping both hands upon the handlebars.
 11. Parking: No person shall park a LSMB upon a street except where an appropriate rack or spots are provided. All LSMB, when parked on sidewalks, shall be parked only in such manner as not to obstruct or impede the normal movement of pedestrian or other traffic or access to adjacent buildings.
 12. Speed: No person shall operate a LSMB at speeds faster than are reasonable or proper, which in no case shall be in excess of legal speed limits, unless participating in an officially sponsored or sanctioned rally or road race. In no event shall speed of operation exceed 20 miles per hour.
 13. Reckless or careless riding: No person shall ride a LSMB in a reckless or careless manner which endangers or is likely to endanger the safety or welfare of other persons or property.
- C. Enforcement. The Neptune City Police Department is hereby authorized to promulgate, with the approval of the Council, such further rules and regulations concerning registration, operation, equipment and safety of LSMB as deemed necessary from time to time.
- D. Business regulations.
1. All persons and businesses who own, rent, hire or lease LSMB in the Borough of Neptune City for the delivery of items in commerce, such as messages, parcels, food and/or other merchandise or goods, or for the delivery of items in commerce destined for the Borough of Neptune City:
 - a. Shall keep each LSMB in a safe operating condition, and shall advise the persons using said LSMB of the regulations for use in the Borough of Neptune City;
 - b. Shall post a copy of this chapter in a conspicuous place where said bicycles are kept, rented, hired or leased, if such location is within the Borough of Neptune City; and
 - c. Shall ensure that any employee, agent, or contractor, while utilizing LSMB for hire by, for or on behalf of such person or business, shall wear a reflective vest, and have affixed a tag, license, decal or marking affixed to LSMB clearly identifying such LSMB as being operated for hire by, for or on behalf of such person or business.
 2. For the purposes of this section, to "hire" includes persons or businesses whose employees or agents utilize LSMB to deliver their messages, parcels, food and/or other merchandise or good during the time

such LSMB are being used for such purpose, whether or not such LSMB are owned, leased or rented by the person or business.

3. A person's or businesses' failure to comply with this section shall be considered a violation of this section.
4. Any violation of this section by an operator of a LSMB while in the hire of a person or business shall be considered a separate violation of this section by such person or business.

E. Registration requirement:

1. All persons and businesses who own, rent, hire or lease LSMB in Borough of Neptune City for the delivery of items in commerce, such as messages, parcels, food and/or other merchandise or goods, shall maintain proper registration tags and licenses for each LSMB issued by the Neptune City Police Department.
2. All persons and businesses who rent, hire or lease LSMB in the Borough of Neptune City for the delivery of items in commerce destined for the Borough of Neptune City, but that are not located within the Borough, shall comply with any municipal registration requirements applicable to LSMB that may be in force in the location where such business or person's business is based.
3. A person's or businesses' failure to comply with this section shall be considered a violation of this section.
4. Any violation of this section by an operator of a LSMB while in the hire of a person or business, shall be considered a separate violation of this section by such person or business.

F. Penalties for violations. Each person violating any provisions of this section shall, upon first conviction, be liable to a penalty of \$50, and upon a second conviction shall be liable to a penalty of \$100. No court appearance shall be required for a first or second alleged offense, but will be required for a third or subsequent alleged offense. Any third or subsequent conviction shall be liable to a penalty of at least \$100 and up to ninety (90) days community service on such terms and in such form as the court shall deem appropriate, or any combination thereof

2) Ordinance 2024-02 – Amending Chapter 139-30 “Stormwater Management” (Public Hearing/Adoption)

**ORDINANCE 2024-02
BOROUGH OF NEPTUNE CITY
COUNTY OF MONMOUTH**

AMENDING CHAPTER 139-30 STORMWATER MANAGEMENT

WHEREAS, Chapter 139-30 of the Code of the Borough of Neptune City, which is currently entitled “Stormwater management” establishes certain stormwater requirements and controls; and

WHEREAS, the New Jersey Department of Environmental Protection (the “DEP”) has mandated that municipalities must revise their stormwater control ordinance to comply with the recently amended Stormwater Management rules at N.J.A.C. 7:8 by July 2024; and

NOW THEREFORE BE IT RESOLVED, that the Borough of Neptune City hereby amends Chapter 139-30 to comply with the DEP mandate by replacing the current ordinance Sections 139-30.1 through 139-30.13 with the following:

§ 139-30 Stormwater Control

139-30.1 Scope and Purpose:

A. Policy Statement

Flood control, groundwater recharge, and pollutant reduction shall be achieved through the use of stormwater management measures, including green infrastructure Best Management Practices (GI BMPs) and nonstructural stormwater management strategies. GI BMPs should be utilized to meet the goal of maintaining natural hydrology to reduce stormwater runoff volume, reduce erosion, encourage infiltration and groundwater recharge, and reduce pollution. GI BMPs should be developed based upon physical site conditions and the origin, nature and the anticipated quantity, or amount, of potential pollutants. Multiple stormwater management BMPs may be necessary to achieve the established performance standards for green infrastructure, water quality, quantity, and groundwater recharge.

B. Purpose

The purpose of this ordinance is to establish minimum stormwater management requirements and controls for "major development," as defined below in Section 139-30.2.

C. Applicability

1. This ordinance shall be applicable to the following major developments:

- i. Non-residential major developments and redevelopment projects; and
- ii. Aspects of residential major developments and redevelopment projects that are not pre-empted by the Residential Site Improvement Standards at N.J.A.C. 5:21 et seq.

2. This ordinance shall also be applicable to all major developments undertaken by the Borough of Neptune City.

3. Applicability of this ordinance to major developments shall comply with last amended N.J.A.C. 7:8-1.6, incorporated herein by reference.

D. Compatibility with Other Permit and Ordinance Requirements

Development approvals issued pursuant to this ordinance are to be considered an integral part of development approvals and do not relieve the applicant of the responsibility to secure required permits or approvals for activities regulated by any other applicable code, rule, act, or ordinance. In their interpretation and application, the provisions of this ordinance shall be held to be the minimum requirements for the promotion of the public health, safety, and general welfare.

This ordinance is not intended to interfere with, abrogate, or annul any other ordinances, rule or regulation, statute, or other provision of law except that, where any provision of this ordinance imposes restrictions different from those imposed by any other ordinance, rule or regulation, or other provision of law, the more restrictive provisions or higher standards shall control.

139-30.2 Definitions:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this ordinance clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. The definitions used in this ordinance shall be the same as the last amended Stormwater Management Rules at N.J.A.C. 7:8-1.2, incorporated herein by reference.

139-30.3 Design and Performance Standards for Stormwater Management Measures:

This section establishes design and performance standards for stormwater management measures for major development intended to minimize the adverse impact of stormwater runoff on water quality and water quantity and loss of groundwater recharge in receiving water bodies. Design and performance standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5, incorporated herein by reference.

139-30.4 Solids and Floatable Materials Control Standards:

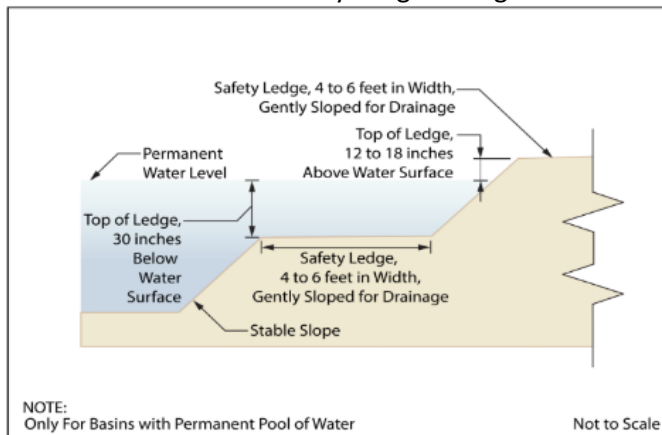

- A. Site design features identified under Section 139-30.3 above, or alternative designs in accordance with Section 139-30.3 above, to prevent discharge of trash and debris from drainage systems shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, "solid and floatable materials" means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section 139-30.4.A.2 below.
1. Design engineers shall use one of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:
 - i. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines; or
 - ii. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension. Note that the Residential Site Improvement Standards at N.J.A.C. 5:21 include requirements for bicycle safe grates.
Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater system floors used to collect stormwater from the surface into a storm drain or surface water body.
 - iii. For curb-opening inlets, including curb-opening inlets in combination inlets, the clear space in that curb opening, or each individual clear space if the curb opening has two or more clear spaces, shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.
 2. The standard in 139-30.4.A.1. above does not apply:
 - i. Where each individual clear space in the curb opening in existing curb-opening inlet does not have an area of more than nine (9.0) square inches;
 - ii. Where the municipality agrees that the standards would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets;
 - iii. Where flows from the water quality design storm as specified in the last amended Stormwater Management rules at N.J.A.C. 7:8 et seq. are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:
 - a. A rectangular space four and five-eighths (4.625) inches long and one and one-half (1.5) inches wide (this option does not apply for outfall netting facilities); or
 - b. A bar screen having a bar spacing of 0.5 inches.
 Note that these exemptions do not authorize any infringement of requirements in the Residential Site Improvement Standards for bicycle safe grates in new residential development (N.J.A.C. 5:21-4.18(b)2 and 7.4(b)1).
 - iv. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1 inch) spacing between the bars, to the elevation of the Water Quality Design Storm as specified in N.J.A.C. 7:8; or
 - v. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

139-30.5 Safety Standards for Stormwater Management Basins:

- A. This section sets forth requirements to protect public safety through the proper design and operation of stormwater management basins. This section applies to any new stormwater management basin. Safety standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-6, incorporated herein by reference.

139-30.6 Requirements for a Site Development Stormwater Plan:

A. Submission of Site Development Stormwater Plan

1. Whenever an applicant seeks municipal approval of a development subject to this ordinance, the applicant shall submit all of the required components of the Checklist for the Site Development Stormwater Plan at Section 139-30.6.C below as part of the submission of the application for approval.
2. The applicant shall demonstrate that the project meets the standards set forth in this ordinance.
3. The applicant shall submit eight (8) copies of the materials listed in the checklist for site development stormwater plans in accordance with Section 139-30.6.C of this ordinance

B. Site Development Stormwater Plan Approval

The applicant's Site Development project shall be reviewed as a part of the review process by the municipal board or official from which municipal approval is sought. That municipal board or official shall consult the municipality's review engineer to determine if all of the checklist requirements have been satisfied and to determine if the project meets the standards set forth in this ordinance.

C. Submission of Site Development Stormwater Plan

The following information shall be required:

1. Topographic Base Map

The reviewing engineer may require upstream tributary drainage system information as necessary. It is recommended that the topographic base map of the site be submitted which extends a minimum of 200 feet beyond the limits of the proposed development, at a scale of 1"=200' or greater, showing 2-foot contour intervals. The map as appropriate may indicate the following: existing surface water drainage, shorelines, steep slopes, soils, erodible soils, perennial or intermittent streams that drain into or upstream of the Category One waters, wetlands and flood plains along with their appropriate buffer strips, marshlands and other wetlands, pervious or vegetative surfaces, existing man-made structures, roads, bearing and distances of property lines, and significant natural and manmade features not otherwise shown.

2. Environmental Site Analysis

A written and graphic description of the natural and man-made features of the site and its surroundings should be submitted. This description should include a discussion of soil conditions, slopes, wetlands, waterways and vegetation on the site. Particular attention should be given to unique, unusual, or environmentally sensitive features and to those that provide particular opportunities or constraints for development.

3. Project Description and Site Plans

A map (or maps) at the scale of the topographical base map indicating the location of existing and proposed buildings roads, parking areas, utilities, structural facilities for stormwater management and sediment control, and other permanent structures. The map(s) shall also clearly show areas where alterations will occur in the natural terrain and cover, including lawns and other landscaping, and seasonal high groundwater elevations. A written description of the site plan and justification for proposed changes in natural conditions shall also be provided.

4. Land Use Planning and Source Control Plan

This plan shall provide a demonstration of how the goals and standards of Section 139-30.3 is being met. The focus of this plan shall be to describe how the site is being developed to meet the objective of controlling groundwater recharge, stormwater quality and stormwater quantity problems at the source by land management and source controls whenever possible.

5. Stormwater Management Facilities Map

The following information, illustrated on a map of the same scale as the topographic base map, shall be included:

- i. Total area to be disturbed, paved or built upon, proposed surface contours, land area to be occupied by the stormwater management facilities and the type of vegetation thereon, and details of the proposed plan to control and dispose of stormwater.
- ii. Details of all stormwater management facility designs, during and after construction, including discharge provisions, discharge capacity for each outlet at different levels of detention and emergency spillway provisions with maximum discharge capacity of each spillway.

6. Calculations

- i. Comprehensive hydrologic and hydraulic design calculations for the pre-development and post-development conditions for the design storms specified in Section 139-30.3 of this ordinance.
- ii. When the proposed stormwater management control measures depend on the hydrologic properties of soils or require certain separation from the seasonal high water table, then a soils report shall be submitted. The soils report shall be based on onsite boring logs or soil pit profiles. The number and location of required soil borings or soil pits shall be determined based on what is needed to determine the suitability and distribution of soils present at the location of the control measure.

7. Maintenance and Repair Plan

The design and planning of the stormwater management facility shall meet the maintenance requirements of Section 139-30.7.

8. Waiver from Submission Requirements

The municipal official or board reviewing an application under this ordinance may, in consultation with the municipality's review engineer, waive submission of any of the requirements in Section 139-30.6.C.1 through 139-30.6.C.6 of this ordinance when it can be demonstrated that the information requested is impossible to obtain or it would create a hardship on the applicant to obtain and its absence will not materially affect the review process.

139-30.7 Maintenance and Repair:

A. Applicability

Projects subject to review as in Section 139-30.1.C of this ordinance shall comply with the requirements of Section 139-30.7.B and 139-30.7.C.

B. General Maintenance

1. Maintenance for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5.8, incorporated herein by reference.
2. The following requirements of N.J.A.C. 7:8-5.8 do not apply to stormwater management facilities that are dedicated to and accepted by the municipality or another governmental agency, subject to all applicable municipal stormwater general permit conditions, as issued by the Department:
 - i. If the maintenance plan identifies a person other than the property owner (for example, a developer, a public agency or homeowners' association) as having the responsibility for maintenance, the plan shall include documentation of such person's or entity's agreement to

- assume this responsibility, or of the owner's obligation to dedicate a stormwater management facility to such person under an applicable ordinance or regulation; and
- ii. Responsibility for maintenance shall not be assigned or transferred to the owner or tenant of an individual property in a residential development or project, unless such owner or tenant owns or leases the entire residential development or project. The individual property owner may be assigned incidental tasks, such as weeding of a green infrastructure BMP, provided the individual agrees to assume these tasks; however, the individual cannot be legally responsible for all of the maintenance required.
 3. In the event that the stormwater management facility becomes a danger to public safety or public health, or if it is in need of maintenance or repair, the municipality shall so notify the responsible person in writing. Upon receipt of that notice, the responsible person shall have fourteen (14) days to effect maintenance and repair of the facility in a manner that is approved by the municipal engineer or his designee. The municipality, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause. If the responsible person fails or refuses to perform such maintenance and repair, the municipality or County may immediately proceed to do so and shall bill the cost thereof to the responsible person. Nonpayment of such bill may result in a lien on the property.
 - C. Nothing in this subsection shall preclude the municipality in which the major development is located from requiring the posting of a performance or maintenance guarantee in accordance with N.J.S.A. 40:55D-53.

139-30.8 Penalties:

Any person(s) who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure or land in violation of this ordinance shall be subject to the penalties as specified in Article III of Chapter 1, General Provisions of the Code of the Borough of Neptune City entitled "Violations and Penalties".

139-30.9 Severability:

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

139-30.10 Effective Date:

This Ordinance shall be in full force and effect from and after its adoption and any publication as required by law.

RESOLUTION 2024-41**BOROUGH OF NEPTUNE CITY****COUNTY OF MONMOUTH, STATE OF NEW JERSEY****AUTHORIZING EXECUTION OF A REDEVELOPMENT AGREEMENT REGARDING THE REDEVELOPMENT OF CERTAIN PROPERTIES IDENTIFIED AS BLOCK 18, LOT 1 AND BLOCK 13, LOT 1 WITHIN THE EAST COAST ICE REDEVELOPMENT AREA**

WHEREAS, the Local Redevelopment and Housing Law, N.J.S.A. 40A:12A-1 et seq. ("LRHL"), provides a process for municipalities to participate in the redevelopment and improvement of areas in need of redevelopment with a designated private redeveloper; and

WHEREAS, pursuant to N.J.S.A. 40A:12A-4, the governing body of the Borough of Neptune City (the "**Borough**") serves as an instrumentality and agency of the Borough pursuant to the LRHL for the purpose of implementing redevelopment plans and carrying out redevelopment projects within the Borough ("**Redevelopment Entity**"); and

WHEREAS, N.J.S.A. 40A:12A-8 authorizes the Borough, acting as the Redevelopment Entity, to enter into contracts or agreements for the planning, construction or undertaking of any development project or redevelopment work in an area in need of redevelopment; and

WHEREAS, on September 28, 2020, pursuant to Resolutions No. 20-140 and 20-141, the governing body directed the Land Use Board to conduct a preliminary investigation to determine whether an area including Block 18, Lot 1 (96 Laird Avenue) and Block 13, Lot 1 (87 Rosewood Place) ("**Project Site**" or "**Properties**") is an area in need of redevelopment according to the criteria set forth in N.J.S.A. 40A:12A-5; and

WHEREAS, on March 9, 2021, the Land Use Board held a properly noticed public hearing at which Jennifer Beahm, PP, AICP of Leon S. Avakian Inc. presented the findings of a preliminary investigation report (the "**Investigation Report**") resulting in a determination to recommend that the Project Site be designated as an area in need of redevelopment; and

WHEREAS, on April 13, 2021, the Land Use Board accepted and adopted the recommendations and proposed findings of the Investigation Report and recommended that the Project Site be declared a Non-Condemnation Area in Need of Redevelopment (the "**Redevelopment Area**"); and

WHEREAS, on April 26, 2021, pursuant to Resolution No. 21-81, the governing body determined that the Project Site is an area in need of redevelopment; and

WHEREAS, Redeveloper is the contract purchaser of Block 18, Lot 1 (96 Laird Avenue) and wishes to purchase Block 13, Lot 1 (87 Rosewood Place) from the Borough for the Project (as defined below); and

WHEREAS, on August 23, 2021, pursuant to Resolution No. 21-126, the governing body authorized the execution of an Interim Cost Agreement between the Borough and the Redeveloper to remain in operation pending successful negotiation of a Redevelopment Agreement; and

WHEREAS, on April 25, 2022, pursuant to Ordinance No. 2022-06, the governing body adopted the East Coast Ice Redevelopment Plan (the "**Redevelopment Plan**"), which Redevelopment Plan was further amended on August 28, 2023 pursuant Ordinance 2023-09; and

WHEREAS, consistent with the Redevelopment Plan, Genesis Redevelopment, LLC (the "**Redeveloper**") intends to redevelop the Project Site into seven townhouse units with parking on Block 18, Lot 1, develop a self-storage facility on Block 13, Lot 1, and rehabilitate the Laird Avenue Park (the "**Project**"); and

WHEREAS, the Borough recognizes the credentials, experience and financial capability of the Redeveloper to design and construct the Project; and

WHEREAS, pursuant to N.J.S.A. 40A:12A-9, it is the intention of the parties to enter into a Redevelopment Agreement, which shall further define and memorialize the respective obligations of the parties with regard to proceeding with the redevelopment of the Property in the manner prescribed.

NOW, THEREFORE, BE IT RESOLVED by the Borough Council of the Borough of Neptune City in the County of Monmouth, State of New Jersey, as follows:

1. The foregoing recitals are hereby incorporated as if set forth at length.
2. The terms and conditions contained in the Redevelopment Agreement by and between the Borough of Neptune City and Redeveloper are hereby accepted and approved.
3. The Mayor or Borough Administrator are hereby authorized and directed to execute the Redevelopment Agreement, substantially in the form attached hereto and made part hereof, immediately upon adoption of this Resolution by the governing body.
4. Upon the adoption of this Resolution and the Redeveloper's execution of the Redevelopment Agreement, the Redeveloper shall be deemed the designated Redeveloper of Block 18, Lot 1 and Block 13, Lot 1 for all purposes under the LRHL.
5. All prior resolutions, or parts thereof, that are inconsistent with this Resolution are repealed to the extent of such inconsistency.
6. This Resolution shall become effective immediately pursuant to law.
